### Message of Goodwill from the District Governor, 411B Uganda

It is with great pride that I extend heartfelt greetings to all Lions, Leos, partners, and distinguished guests attending the Multiple District 411 Convention. On behalf of District 411B Uganda, I warmly welcome you to this important gathering that celebrates our shared commitment to service, unity, and impact across our region.

District 411B continues to exemplify the true spirit of Lionism through cheerful service across our communities. Guided by our motto, “We Serve,” our Lions and Leos have remained steadfast in responding to real and pressing community needs, demonstrating compassion, leadership, and innovation in action.

Our active support for Mission 1.5 reflects a strong commitment to expanding our service footprint while intentionally growing a purposeful and engaged membership.

The District has particularly stood out through impactful and well-coordinated Service Weeks, notably in Mental Health and Psychosocial Wellbeing and Diabetes Awareness. These initiatives have addressed critical community challenges while enhancing the visibility, relevance, and credibility of Lionism at grassroots and national levels.

At the All-Africa Forum, District 411B emerged strong, especially in membership performance and engagement. This achievement is a testament to the focused teamwork of the District leadership, committed club leaders, and coordinated efforts of our members working together toward common goals.

We have also placed deliberate emphasis on empowering Leos, recognizing them as the future of Lionism. Through mentorship, inclusion in service, leadership exposure, and meaningful participation at both club and district levels, we continue to strengthen the Leo-Lion partnership. This intentional collaboration is building a sustainable leadership pipeline for the District. In this spirit, our Leos are organizing a Leo District Convention in February 2026, where they will reflect on their service journey and elect their leadership ahead of the Multiple District Convention.

As we celebrate these milestones, I call upon all club leaders and members to double their efforts in structured orientation, mentorship, and engagement of new Lions and Leos. Strong onboarding is essential to nurturing vibrant, active, and impactful clubs, ensuring that every member fully experiences the joy, purpose, and fulfillment that comes with service.

As we gather for this Multiple District Convention, may we be inspired to do more, serve better, and lead with compassion. Together, let us reaffirm our commitment to building stronger communities and a stronger Lions family.

Kindness is a virtue. Let us cheerfully serve our communities.

Allen Tush Naturinda

District Governor, Lions Clubs International – District 411B Uganda
